Example Program of Study – Ph.D. (Post-B.S.) in Robotics
(for post-B.S. students who would like to earn a Milestone Master’s in Robotics on the way toward their Ph.D.)

Below is one possibility for a program of study that satisfies the M.S. degree and milestone requirements, AND the Ph.D. requirements. Course selections may change based on faculty advisement.

A full load is nine credit hours.

Three hours of Thesis Research: Ph.D. (course number 7970) is also considered a full load after the residency requirement is fulfilled.
